

# Accessibility statement

All Brightwork group websites using the brightworkltd.com brightworkltd.co.uk brightworksr.com brightworksr.co.uk bwsr.co.uk domain have been designed and developed to achieve Priority 1 of the [W3C Web Content Accessibility Guidelines](#) (A compliance).

Our accessibility programme is part of a continued development process and will continue to drive the way we develop our online presence. Below is an outline of the steps we have taken to ensure we achieve the checkpoints outlined above.

## NAVIGATION

Navigation is not based on JavaScript and all pages are accessible without JavaScript.

## JAVASCRIPT

All pages are usable when scripts, applets, or other programmatic objects are turned off or not supported.

## LINKS

Some links use title attributes to describe the link, while titles are written to make sense of context.

## IMAGES

Every image conveying information uses ALT attributes to describe the image in text format, enabling screen readers to read it. Decorative images contain empty ALT attributes.

## DOWNLOADS/PDFS

If you don't have software/plugin to display PDF documents, you can use [Adobe® conversion online tools](#) or download and install [Adobe Acrobat Reader](#).

## COLOUR

Foreground and background combinations provide sufficient contrast and colour difference to enable colour blind users to make senses of the sites.

## TEXT SIZING

The size of all text is defined in relative units, so its size can be changed using standard browser tools. To change text size;

- Mozilla, MSIE: Hold CTRL key and roll mouse wheel, or use menu item view/text size
- Opera: Hold CTRL key and roll mouse wheel, or use menu item view/zoom

## USEFUL TOOLS

- [Online Lynx viewer](#) allows users to see pages without images/styles/scripts.

- [Jaws Screen Reader](#) is the world's most popular screen reader and works with your PC to provide access to software applications and the Internet.

- [Adobe® conversion online tools](#) convert to text Adobe PDF files in English and most Western European languages.

If you have any questions or comments regarding the accessibility of any of our websites please email us at [feedback.brightworkltd.com](mailto:feedback.brightworkltd.com) and a member our team will get straight back to you.
